AAHS

- The Academy of Allied Health and Science prepares and motivates students to pursue further education towards a career in the **medical sciences** through a rigorous specialized curriculum and community-based partnerships, inspiring students to serve society with compassion, skill and vision.

BTHS

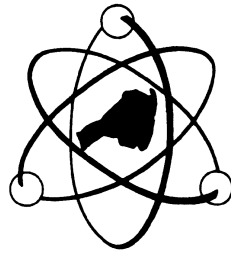

- Biotechnology High School is a 21st Century Career and Technical high school where 100% of the students engage in the **International Baccalaureate** Diploma Program. The school's mission is to inspire students toward open-minded participation in the global community and to prepare students for higher education and leadership in an increasingly demanding workplace, through academic research, original investigations, and interactive partnerships. Students concentrate their studies in the areas of **health science, engineering, agriculture, and the environment**.

CHS

- CHS provides a college preparatory program in Communications that serves the community by providing exemplary learning experiences in areas such as **New Media, Journalism and Publishing, Commercial Art, and TV/Radio Broadcasting**. Throughout the past decade, the CHS community has dedicated itself to foster a collaborative work environment with students, parents, faculty members, and administrators. In 2012 CHS was recognized by the US Secretary of Education as a Blue Ribbon School.

HTHS

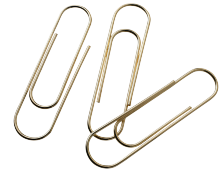

- High Technology High School, a **pre-engineering** career academy that emphasizes the interconnections among mathematics, science, technology and the humanities, prepares students to become creative problem solvers through a rigorous specialized curriculum and community-based partnerships.

MAST

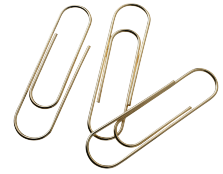

- The Marine Academy of Science and Technology strives to develop literate, ethical and productive members of society empowered to meet the challenges of a global community by providing a rigorous academic environment with a core specialization in **marine science and technology**.
