# ADULT BASIC EDUCATION

## BASIC SKILLS PROGRAM (FREE)

The Adult Basic Skills Program is designed for adult students who display a need to enhance their level of academic readiness through instruction in basic skills. The program focuses on instruction in speaking, listening, writing, computation and employability skills to help break down the barriers to employment created by deficiencies in basic learning skills.

The curriculum is adult oriented and emphasizes instructional approaches and learning strategies geared to the personal needs and aspirations of each adult learner. We'll discuss and assess your goals and needs; test you to find where you need to begin; design the best, individualized plan to reach your goals.

The program is free to all persons who meet the academic criteria established by the NJ Department of Education. Call an Adult Education Counselor to register, 732.431.7245 x2.

### CLASS SCHEDULES

CC	M & W	6-8 pm	9/14-12/16 1/11-5/5
Long Branch	M & W	6-8 pm	9/14-12/16 1/11-5/5
Nept Annex	T & Th	6-8 pm	9/15-12/17 1/12-5/6

## ENGLISH AS A SECOND LANGUAGE (FREE)

This program is designed for those whose native language is not English, who understands little or no English or who wish to improve their speaking, reading, and writing of English. Oral skills will be emphasized with the use of many resources. Individualized instruction and certified teachers will help you increase your fluency and language skills for social and job success. Call 732.431.7245 x2 for more information.

### CLASS SCHEDULES

CC	T & Th	6-8 pm	9/15-12/17 1/12-5/6
Long Branch	T & Th	6-8 pm	9/15-12/17 1/12-5/6

## INTEGRATED ENGLISH LITERACY AND CIVICS EDUCATION (FREE)

This program is designed for those whose native language is not English, to acquire the skills and knowledge to become active and informed parents, workers, and community members. The education program will emphasize contextual instruction on the rights and responsibilities of citizenship, naturalization procedures, and civic participation along with improving the student's reading, writing, and speaking skills.

Nept Annex	M & W	6-8 pm	9/14-12/16 1/11-5/5
Belmar Elem.	M & W	6-8 pm	9/14-12/16 1/11-5/5

# ADULT HIGH SCHOOL

Monmouth County Vocational School District offers adults opportunity, accessibility and flexibility while maintaining the high standards inherent in the awarding of a high school diploma. Course offerings are varied to meet the educational needs of adults and are designed to challenge participants to achieve their goals. This high school diploma program is free to all eligible county residents and will include adult career counseling and program planning to facilitate the successful completion of both academic and technical skills. To complete the standard graduation requirements of 110 credits set by state law, adult high school students are able to take vocational classes, history, science, math, English, career exploration and development, and safety classes.

Academic classes are conducted during the evenings between the hours of 4:30 p.m. and 9:00 p.m., Monday through Thursday at our vocational buildings in Long Branch, Career Center (Freehold), Aberdeen, Middletown, Neptune, and the Belmar Elementary School

**Selected vocational courses are free for students attending the adult high school and can be scheduled during the school year. Students are registered by their counselors for vocational classes.**

The following credits can be granted towards the high school diploma requirement:

- Up to 2.5 credits for each 12 months of work experience (max 10 cr.)
- Up to 2.5 health and safety credits for a driver's license
- Up to 10 physical education credits for basic military training
- 5 credits for 3 college credits
- Up to 10 credits for advanced military schooling
- All previous credits from high school transcripts
- Up to 5 credits a year for apprenticeships (max 20 crs.)

**For additional information or to schedule an appointment, call an adult counselor at 732.431.7245 x2**

## BASIC SKILLS TESTING

\$10.00 fee per administration

For the CNA/PCA programs

Oct 21, 2009	Nep/Annex	4:30 pm sharp
Jan 22, 2010	Nep/Annex	4:30 pm sharp
April 21, 2010	Nep/Annex	4:30 pm sharp
May 19, 2010	Nep/Annex	4:30 pm sharp

# APPRENTICESHIP

Apprenticeship is a program coordinated between labor, industry, and education to prepare individuals for a specific trade/craft or occupation.

Apprenticeship is a proven method of training skilled workers through formalized on-the-job training and related instruction programs (theory). In the United States, there are approximately 950 occupations which are acquired through apprenticeship. Apprentices are registered by the Bureau of Apprenticeship and Training (BAT), United States Department of Labor and the New Jersey Department of Labor and Workforce Development.

## Basic Standards of an Apprenticeship Program:

- \*Proper supervision of training and adequate training facilities.
- \* An approved ratio of apprentices to skilled workers.
- \*A progressive wage schedule
- \*A schedule of work processes
- \*Provision for related instruction
- \*Non-discrimination in all phases of employment and training.

You must maintain 2000 hours of on-the-job training per year and attend 144 hours of related instruction per year. Arrangements for related instruction may be made by sending your registration to the main office. **Applicants must be employed as an apprentice in an approved training program.** Proof of apprenticeship must be presented.

## QUESTIONS AND ANSWERS ABOUT APPRENTICESHIP

### Q. What is an apprenticeship program?

An apprenticeship is a formalized agreement between an employer and an employee. The employer provides on-the-job training and a pay scale that leads to a journeyperson's wage, while the apprentice acquires related and technical skills and knowledge through evening school or other approved programs.

### Q. How do you become an apprentice?

To become an apprentice, you must be working full time in a field of your choice. Upon employment, contact the apprentice coordinator at Monmouth County Vocational School for enrollment into the program. If not presently employed, contact the employment agency, inquire into other places of business, or inquire at the local Labor Unions.

### Q. What is the advantage of completing an apprenticeship?

Upon completion of an apprenticeship, you will receive a certificate of completion from the US Department of Labor, Bureau of Apprenticeship and Training, and the State Department of Labor and Workforce Development. With this certificate, you can apply anywhere in the country as a skilled crafts person.

All Apprenticeship books are extra.

Please call 732.431.7245 x2  
for more information on  
where they can be  
purchased.

# CONSTRUCTION TRADES

## AUTOCAD

This course teaches the use of AUTOCAD commands and their applications. Drawing, construction, editing and dimensioning command groups will be covered. The use of layers will be stressed, as well as saving plotting and saving drawing. Both Windows and DOS versions available and emphasis will be placed on practice and individual instruction. **Class limited to 18 students.**

**Prerequisite:** Basic knowledge of drafting or print reading.

<b>Mon/Wed</b>	<b>Sept 14 - Dec 16</b>	<b>24 Sessions/72 hrs</b>
<b>Fee: \$250</b>	<b>AAHS (Neptune)</b>	<b>6:30 - 9:30 pm</b>

<b>Mon/Wed</b>	<b>Feb 5 - May 3</b>	<b>24 Sessions/72 hrs</b>
<b>Fee: \$250</b>	<b>AAHS (Neptune)</b>	<b>6:30 - 9:30 pm</b>

## BASIC OIL BURNER REPAIR SERVICE

This course includes basic technology involved in the servicing and repair of residential oil burners, controls, electricity, tanks, and accessory equipment, principles of combustion firing rates, combustion, analysis and efficiency testing. This course is applicable to apprentices, beginners in the trade and homeowners.

<b>Thurs</b>	<b>Sept 17 - Dec 17</b>	<b>12 Sessions/36hrs</b>
<b>Fee: \$150</b>	<b>Career Center</b>	<b>6:30 - 9:30 pm</b>

<b>Thurs</b>	<b>Jan 7 - Mar 25</b>	<b>12 Sessions/36hrs</b>
<b>Fee: \$150</b>	<b>Career Center</b>	<b>6:30 - 9:30 pm</b>

## BLUEPRINT READING

This course covers the fundamentals of print reading for single family dwellings. Actual prints provide print reading experience. Specific topics include: symbols and notations, structural information, elevations, floor plans, scaling and dimensioning, and trade information.

<b>Tues</b>	<b>Sept 15 - Dec 1</b>	<b>12 Sessions/36 hrs</b>
<b>Fee: \$150</b>	<b>Career Center</b>	<b>7:00 - 10:00 pm</b>

<b>Tues</b>	<b>Feb 2 - Apr 27</b>	<b>12 Sessions/36 hrs</b>
<b>Fee: \$150</b>	<b>Career Center</b>	<b>7:00 - 10:00 pm</b>

# CONSTRUCTION TRADES

## CARPENTRY FUNDAMENTALS

This course covers general safety, hand and power tools and materials identification. Emphasis will be placed on measurement, materials, and practices in sawing and joining. Individual projects will be completed to assess students skills and knowledge. Supplies and personal safety equipment not included.

Wed Sept 16 - Dec 16 12 Sessions/36 hrs  
Fee: \$150 KIVA 7:00 - 10:00 pm

Wed Feb 3 - Apr 28 12 Sessions/36 hrs  
Fee: \$150 KIVA 7:00 - 10:00 pm

## ELECTRICITY I

Electricity I is the first year of a four year training program in preparation for the state license exam. The program is focused on the needs of the electrical apprentice. This is a theory class. **Books, supplies, and personal safety equipment not included. Certificates will not be issued for attendance less than 144 hrs.**

Topics covered:

- Electrical safety
- Hand bending
- Fasteners and anchors
- Electrical Theory I
- Electrical Theory II
- Wiring: Residential
- Into to National Electrical Code
- Electrical Test Equipment
- Raceways, boxes, & fittings
- Conductors
- Intro to Electrical blueprint
- Wiring: Commercial & Industrial

Mon/Wed Sept 14 - Apr 26 156 hrs  
Fee: \$475 Middletown 6:30 - 9:30 pm

## ELECTRICITY II

Electricity II is the second year of a four year training program in preparation for the state license exam. The program is focused on the needs of the electrical apprentice. This is a theory class. **Books, supplies, and personal safety equipment not included. Prerequisite: Electricity I. Certificates will not be issued for attendance less than 144 hrs.**

Topics covered:

- Alternating current
- Grounding
- Conduit Bending
- Boxes & fittings
- Electric lighting
- Circuit breakers & fuses
- Cable tray
- Motors: theory & application
- Conductor installations
- Conductor terminations
- Installation of electric services
- Conductors & relays

Mon/Wed Sept 14 - Apr 26 156 hrs  
Fee: \$475 Middletown 6:30 - 9:30

## ELECTRICITY III

Electricity III is the third year of a four year training program in preparation for the state license exam. The program is focused on the needs of the electrical apprentice. This is a theory class. Books, supplies, and personal safety equipment not included. Prerequisite: Electricity I & II . Certificates will not be issued for attendance less then 144 hrs.

Topics covered:

- Wiring Devices
- Motor controls
- Overcurrent protection
- Raceway, box, & fitting fill requirements
- Motor calculations
- Hazardous location
- Load calculations-branch circuits
- Conductor selection & calculations
- Distribution Equipment
- Distribution SystemTransformers
- Lamps, ballasts, & components
- Motor maintenance-part one
- Electricity in HVAC system

**Tue/Thur**  
**Fee: \$475**

**Sept 15 - Apr 15**  
**Middletown**

**156 hrs**  
**6:30 - 9:30 pm**

## ELECTRICITY IV

Electricity IV is the fourth year of a four year training program in preparation for the state license exam. The program is focused on the needs of the electrical apprentice. This is a theory class. Books, supplies, and personal safety equipment not included. Prerequisite: Electricity I, II, & III. Certificates will not be issued for attendance less then 144 hrs.

Topics covered:

- Load calculations-feeders & services
- Practical applications of lighting
- Standby & emergency systems
- Basic electronic theory
- Heat tracing & freeze protection
- Motor maintenance-part two
- Advanced controls
- HVAC controls
- Welding machines
- Fire Alarm systems
- Speciality transformers
- High voltage termination/splices

**Tue/Thur**  
**Fee: \$475**

**Sept 15 - Apr 15**  
**Career Center**

**156 hrs**  
**6:30 - 9:30**

## HVAC/R I

HVAC/R is the first year of a four year training program. The program is focused on the needs of the HVAC/R apprentice. Registered Apprenticeship is not necessary to register for this class. This is a theory class. **Books, supplies, and personal safety equipment not included.**

Topics covered:

- Introduction to HVAC/R
- Trade Mathematics
- Tools of the Trade
- Copper & plastic piping practice
- Introduction to heating
- Soldering and brazing
- Ferrous metal piping
- Basic Electricity
- Introduction to cooling

**Mon/ Wed**  
**Fee: \$475**

**Sept 14 - Apr 26**  
**Freehold**

**156 hrs**  
**6:30 - 9:30pm**

# CONSTRUCTION TRADES

---

## HVAC/R II

HVAC/R II is the second year of a four year training program. The program is focused on the needs of the HVAC/R apprentice. Registered Apprenticeship is not necessary to register for this class. This is a theory class. Books, supplies, and personal safety equipment not included. Prerequisite: HVAC/R I. Certificates will not be issued for attendance less than 144 hrs.

Topics covered:

- Air properties and distribution
- Chimneys, vents, and flues
- Intro to mechanical maintenance
- Accessories & optional equip
- Heat pumps
- Leak detection, evacuation, recovery, & charging
- Alternating current
- Basic electronics
- Electric furnaces
- HVAC controls
- Metering devices
- Compressors
- EPA-Approved cert. program for CFC-refrig. handling

**Mon/Wed**      **Sept 14 - Apr 26**      **156 hrs**  
**Fee: \$475**      **Freehold**      **6:30 - 9:30 pm**

## HVAC/R III

HVAC/R III is the third year of a four year training program. The program is focused on the needs of the HVAC/R apprentice Registered Apprenticeship is not necessary to register for the class. This is a theory class. Books, supplies, and personal safety equipment not included. Prerequisite: HVAC/R I and II. Certificates will not be issued for attendance less than 144 hrs.

Topics covered:

- Preventive Maintenance
- Intro to Electrical Troubleshooting
- Commercial heating and cooling
- Steam Systems
- Customer Relations
- Water and air balance

**Mon/Wed**      **Sept 14 - Apr 26**      **156 hrs**  
**Fee: \$475**      **Neptune Annex**      **6:30 - 9:30 pm**

## HVAC/R IV

HVAC/R IV is the fourth year of a four year training program. The program is focused on the needs of the HVAC/R apprentice. Registered Apprenticeship is not necessary to register for this class. This is a theory class. Books, supplies, and personal safety equipment not included. Prerequisite: HVAC/R I, II, and III. Certificates will not be issued for attendance less than 144 hrs.

Topics covered:

- Advanced blueprint reading
- Indoor Air Quality
- Energy conservation equip
- Energy management systems
- Water treatment
- System startup and shutdowns
- Heating & cooling system design
- Commercial & industrial refrigeration

**Mon/Wed**      **Sept 14 - Apr 26**      **156 hrs**  
**Fee: \$475**      **Neptune Annex**      **6:30 - 9:30 pm**

## HOME REPAIR FOR WOMEN

This class is designed for the woman homeowner who needs to do small necessary projects around the house. Personal safety equipment and supplies are not included.

**Wed**      **Jan 13 - Mar 17**      **10 sessions/ 30 hrs**  
**Fee: \$110**      **Career Center**      **6:00 - 9:00 pm**

## HEATING SYSTEMS, DESIGN & SERVICE

This course covers basic technology applicable to common heating systems, heat loss calculation, system layout, function, troubleshooting, installation practices, domestic hot water production, heat exchangers, controls, venting and balancing. This course is applicable to apprentices, beginners, homeowners and people working in the trade in search of technical assistance.

**Tues**                      **Sept 15 - Dec 1**                      **12 Sessions/36 hrs**  
**Fee: \$170**                      **Career Center**                      **6:30 - 9:30 pm**

**Tues**                      **Jan 6 - Mar 24**                      **12 Sessions/36 hrs**  
**Fee: \$170**                      **Career Center**                      **6:30 - 9:30 pm**

## PLUMBING I

Plumbing I is the first year of a four year training program. The program is focused on the needs of the plumbing apprentice. This is a theory class. Books, supplies, and personal safety equipment not included. Certificates will not be issued for attendance less than 144 hrs.

Topics covered:

- Carbon steel pipe and fittings
- Cast-iron pipe and fittings
- Fixtures and faucets
- Intro to drain, waste and vent (DWV) systems.
- Intro to water distribution systems
- Plumbing tools
- Intro to plumbing math
- Intro to plumbing drawings
- Plastic pipe and fittings
- Copper pipe and fittings

**Tue/Thur**                      **Sept 15 - Apr 15**                      **156 hrs**  
**Fee: \$475**                      **AAHS (Nept)**                      **7:00 - 10:00 pm**

## PLUMBING II

Plumbing II is the second year of a four year training program. The program is focused on the needs of the plumbing apprentice. This is a theory class. Books, supplies, and personal safety equipment not included. Prerequisite: Plumbing I. Certificates will not be issued for attendance less than 144 hrs.

Topics covered:

- Reading commercial drawings
- Installing & testing DWV piping
- Installing & testing water supply piping
- Installing roof, floor, & area drains
- Installing fixtures, valves, & faucets
- Servicing fixtures, valves, & faucets
- Intermediate math
- Installing water heaters
- Fuel gas systems
- Types of valves

**Tue/Thur**                      **Sept 15 - Apr 15**                      **156 hrs**  
**Fee: \$475**                      **AAHS (Nept)**                      **7:00 - 10:00 pm**

### HELP WANTED--PART TIME TEACHERS

If you have professional experience or know someone who would be interested in teaching in our adult program you can download an application from our web site [www.mcvsd.org](http://www.mcvsd.org) or call 732.431.6443 to request one.

#### Requirements

Trades areas: 4 years experience  
Service areas: 4 years experience  
Academics: NJ Teacher Certificate required

Share your knowledge, skills, and expertise to carry on the fine traditions of your trade or occupation.

# CONSTRUCTION TRADES

## PLUMBING III

Plumbing III is the third year of a four year training program. The program is focused on the needs of the plumbing apprentice. This is a theory class. Books, supplies, and personal safety equipment not included. Prerequisite: Plumbing I & II Certificates will not be issued for attendance less than 144 hrs.

Topics covered:

- Intro to Regional & Local Plumbing Codes
- Advance Math for plumbers
- Types of vents and venting
- Indirect & special waste
- Sewage and sump pumps
- Locating sewer & water lines
- Installing pressure-reducing valves
- Water pressure booster systems
- Sizing, piping, & venting natural gas systems
- Fixture rough-in
- Backflow preventers
- Installing water supply piping
- Thawing frozen water pipes
- Plumbing for Solar Heating
- Filtering & softening water
- Installing shock arrestors
- Installing recirculation system
- Cleaning & disinfecting portable water systems

**Tue/Thur**                      **Sept 15 - Apr 15**                      **156 hrs**  
**Fee: \$475**                      **Career Center**                      **7:00 - 10:00 pm**

## PLUMBING IV

Plumbing IV is the fourth year of a four year training program. The program is focused on the needs of the plumbing apprentice. This is a theory class. Books, supplies, and personal safety equipment not included. Prerequisite: Plumbing I , II, & III Certificates will not be issued for attendance less than 144 hrs.

Topics covered:

- Plumbing Theory
- Sizing storm drainage
- Sizing drainage systems
- Servicing traps & interceptors
- Sizing water supply pipes
- Installing swimming pools & hot tubs
- Installing hydronic heating
- Installing medical gas system
- Installing private waste disposals
- Plumbing for mobile homes and mobile home park55
- On-the-job task organization
- Sizing Vents
- Combination waste & vent systems
- Servicing plumbing fixtures
- Installing compressed air piping
- Installing corrosive resistant water piping
- Installing private water supply systems

**Mon/ Wed**                      **Sept 14 - Apr 26**                      **156 hrs**  
**Fee: \$475**                      **Career Center**                      **7:00 - 10:00 pm**

## WELDING I

This course covers welding safety; safe use and maintenance of tools and equipment; safe shop keeping; welding terms and metallurgy; cutting and gas welding; electric welding; stick all positions (flat, vertical, overhead). **Books, supplies, and personal safety equipment not included. Enrollment Limited**

**Mon/Wed**                      **Sept 14 - Dec 16**                      **24 Sessions/72 hrs**  
**Fee: \$425**                      **Aberdeen**                      **7:00 - 10:00 pm**

## WELDING II

This course is a more in-depth study of the techniques in electric welding; pipe welding; basic cutting; fitting and welding pipe joints; basic skills in MIG and TIG welding. Safety procedures are included in all units of instruction. Information on certification of welders is available. **Books, supplies, and personal safety equipment not included.** Prerequisite: Welding I

<b>Tue/Thur</b>	<b>Feb 2 - May 4</b>	<b>24 Sessions/72hrs</b>
<b>Fee: \$425</b>	<b>Aberdeen</b>	<b>7:00 - 10:00 pm</b>

## HEALTH SCIENCE

### COMMUNICATION SKILLS & ENGLISH FOR THE HEALTH PROFESSIONAL

This course is designed to provide the student with the reading, writing, and oral communication skills required of today's health care worker.

<b>Thur</b>	<b>Sept 17 - Dec 17</b>	<b>12 Sessions/24 hrs</b>
<b>Fee : \$135</b>	<b>Long Branch</b>	<b>6:00 - 8:30 pm</b>
<b>Thur</b>	<b>Jan 28 - Apr 29</b>	<b>12 Sessions/24 hrs</b>
<b>Fee : \$135</b>	<b>Long Branch</b>	<b>6:30 - 8:30 pm</b>

### MATH REVIEW FOR THE HEALTH PROFESSIONAL

Students will review basic math procedures and critical thinking skills required of today's worker. Topics covered will include fractions, percentages, Roman numerals, word problems, ratio and proportion, weights and measures, conversions, the Metric System, dosages and formulas

<b>Tue</b>	<b>Sept 15 - Dec 1</b>	<b>12 Sessions/24 hrs</b>
<b>Fee: \$135</b>	<b>Long Branch</b>	<b>6:30 - 8:30 pm</b>
<b>Tue</b>	<b>Jan 26 - Apr 27</b>	<b>12 Sessions/24 hrs</b>
<b>Fee: \$135</b>	<b>Long Branch</b>	<b>6:30 - 8:30 pm</b>

### INTRODUCTION TO EKG / ECG

Learn the skills and fundamental concepts needed to perform a 12 lead EKG/ECG for a doctor's office or hospital environment. Course includes vocabulary, coding, safe use of equipment, artifacts, marking and mounting EKG/ECG, and running electrocardiogram. **100% attendance is mandatory to receive a certificate.**

<b>Thur</b>	<b>Oct 29 - Dec 3</b>	<b>5 Sessions/25 hrs</b>
<b>Fee: \$150</b>	<b>Career Center</b>	<b>4:00 - 9:00 pm</b>
<b>Thur</b>	<b>Feb 18 - Mar 18</b>	<b>5 Sessions/25 hrs</b>
<b>Fee: \$150</b>	<b>Career Center</b>	<b>4:00 - 9:00 pm</b>

### INTRODUCTION TO PHLEBOTOMY

Learn the skills and fundamental concepts needed to perform the collection of blood for diagnostic laboratory testing. Course includes: correct techniques to draw blood on the veni-dot system and standard precautions learned in the workplace for safety. This course is designed for the person interested in working either at a doctor's office or in a hospital environment. **100% attendance is mandatory to receive a certificate.**

<b>Thur</b>	<b>Sept 17 - Oct 15</b>	<b>5 Sessions/25 hrs</b>
<b>Fee: \$150</b>	<b>Career Center</b>	<b>4:00 - 9:00 pm</b>
<b>Thur</b>	<b>Jan 7 to Feb 4</b>	<b>5 Sessions/25 hrs</b>
<b>Fee: \$150</b>	<b>Career Center</b>	<b>4:00 - 9:00</b>

# HEALTH SCIENCE

## INTRODUCTION TO MEDICAL TERMINOLOGY

This introductory course will help prepare those students contemplating a career in the medical field. Prefixes, suffixes, and root words will be studied as well as common abbreviations used in health care. Get a head start on your career as a nurse, medical or dental assistant, EKG technician, or medical transcriptionist.

<b>Thur</b> <b>Fee: \$135</b>	<b>Sept 17 - Dec 17</b> <b>Long Branch</b>	<b>12 Sessions/30 hrs</b> <b>7:00 - 9:30 pm</b>
<b>Thur</b> <b>Fee: \$135</b>	<b>Jan 28 - Apr 29</b> <b>Long Branch</b>	<b>12 Sessions/30 hrs</b> <b>7:00 - 9:30 pm</b>

## INTRODUCTION TO MEDICAL INSURANCE, BILLING, AND CODING

This informative introductory course will focus on a broad spectrum of medical issues. Designed for those interested in working in a medical office or wanting to gain more knowledge in medical insurance, billing, and coding. Prerequisite: **Medical Terminology**. **Limited enrollment (12)**

<b>Tue</b> <b>Fee: \$170</b>	<b>Sept 15 - Jan 12</b> <b>Hazlet</b>	<b>16 Sessions/40 hrs</b> <b>7:00 - 9:30 pm</b>
<b>Tue</b> <b>Fee: \$170</b>	<b>Jan 26 - May 25</b> <b>Hazlet</b>	<b>16 Sessions/40 hrs</b> <b>7:00 - 9:30 pm</b>

## DENTAL ASSISTANT - CLINICAL

This course covers the clinical areas of chairside dental assisting. A basic knowledge of dental anatomy, dental x-rays, chairside setups, using instruments, and the mixing of dental materials is stressed.

<b>Tue</b> <b>Fee: \$135</b>	<b>Sept 15 - Dec 1</b> <b>Hazlet</b>	<b>12 Sessions/24 hrs</b> <b>7:00 - 9:00 pm</b>
<b>Tue</b> <b>Fee: \$135</b>	<b>Jan 26 - Apr 27</b> <b>Hazlet</b>	<b>12 Sessions/24 hrs</b> <b>7:00 - 9:00 pm</b>

## MEDICAL OFFICE ASS'T (CLINICAL SKILLS )

This course is designed for the student interested in medical office assisting as a career or for the working assistant who would like to increase his/her skill level. Course content includes: terminology, medical asepsis, sterilization and disinfection, vital signs, the physical exam, local application of heat and cold, minor office surgery, instrumentation, and an introduction to the clinical laboratory (urinalysis, hematology, microbiology). An introduction to EKG and phlebotomy is also covered in this program.

<b>Wed</b> <b>Fee: \$200</b>	<b>Sept 16 - Jan 20</b> <b>Hazlet</b>	<b>15 Sessions/45 hrs</b> <b>7:00 - 10:00 pm</b>
<b>Wed</b>	<b>Jan 27 - May 19</b>	<b>15 Sessions/45 hrs</b>

## **CERTIFIED NURSE AIDE (CNA)**

Become a Certified Nurse Aide in a Long Term Care Facility (CNA). Develop the skills necessary to care competently for the predominately geriatric client. Upon successful completion of the 90 hour course (50 hours classroom and 40 hours clinical), you will be eligible to take the New Jersey State Nurse Aide in Long Term Care Facility Exam. You will be required to purchase a textbook, complete a physical and attend each session. There will be a per hour fee for any make-up time. Call 732.431.6292 for an application. Prerequisite: Basic Skills Test (see Page 4 for schedule of test dates) Admission requirements \*Pass qualifying test \*Complete physical examination \*Purchase uniform and textbook \*Attend orientation day.

**Fee: \$ 450/90 hrs**

## **HOSPITAL PATIENT CARE ASSISTANT (PCA)**

This course offers the basic knowledge and skills necessary to function safely and properly as a Nursing Assistant. The course is open to students who are at least 18 years of age. Upon completion you will be eligible to apply for employment at a hospital. Textbook, uniform and physical are required and attendance at all sessions, including orientation day, is mandatory to attain required hours for hospital employment. NO EXCEPTIONS. Tuition is collected prior to the first day of class. Background check and testing fees not included. Prerequisite: Basic Skills Test

Note: Classes are scheduled at Career Center, Freehold and clinical at Jersey Shore Medical Center, Neptune. Evening class available. Registration is ongoing, seats are limited.

**Mon/Wed 4:00 -9:00 pm Fee: \$750**  
**200 hrs (150 hrs of nursing assistant, 25 hrs of EKG and 25 hrs of Phlebotomy)**

### **Monmouth County Vocational School District Practical Nursing Program**

#### **GENERAL INFORMATION**

The MCVSD Practical Nursing Program offers academic studies and clinical experience to prepare students to meet the state requirements for licensure as a practical nurse in New Jersey. It is approved by the New Jersey State Board of Nursing and the New Jersey Department of Education and accredited by Middle States. Graduates are eligible to take the Practical Nursing Licensure Examination in New Jersey. Classes are admitted September and February. Each class is assigned to an affiliating hospital for clinical experience.

Tuition is \$6,000.00 for the 2009 -2010 school year payable in two payments. Financial aid available for qualified applicants. Approved by the Department of Education for veterans benefits and the Monmouth Division of Employment & Training. Refunds will be honored based on board policy.

Applicants Be 17 years of age prior to entering program, must have a high school diploma or the equivalent, and pass a qualifying test (\$30 fee). After passing the qualifying test the applicant must pay a \$50 non-refundable registration fee, be interviewed, have a complete physical examination, a criminal background check conducted (additional fee), and a CPR certification.

# GRAPHIC ARTS

## INTRO ADOBE PHOTOSHOP

Learn the basics of Adobe Photoshop, the premiere image editing software. The course will introduce students to the basics of bitmap images and computer color, Photoshop's tools and palettes, guidelines for using a scanner with Photoshop, making basic color corrections, basic image editing, working with layers, working with filters and other special effects, how to prepare graphics for web pages and more. Students will have time and opportunity to import images and work on a project. Prerequisites: Must be competent using at least one operating system. Access to a computer at home is recommended.

**Thur**                      **Sept 17 - Dec 3**                      **10 Sessions/25 hrs**  
**Fee: \$240**              **CHS (Wall)**                      **6:30 - 9:00 pm**

## INTRO TO MAC OS X

Learn the basics of MacOS X, Apple's new Macintosh computer operating system, how to organize files and folders, how to connect to the internet and surf the world wide web, how to send and receive email, how to use your digital camera with the Mac, how to fix basic problems, how to setup and use multiple user accounts, and more. Prerequisite: access to a Macintosh and comfortable using at least one computer system.

**Tue**                      **Sept 15 - Oct 20**                      **6 Sessions/15 hrs**  
**Fee: \$150**              **CHS (Wall)**                      **6:30 - 9:00 pm**

## INTRO ADOBE ILLUSTRATOR

This course will cover the basics of Adobe Illustrator, a powerful vector graphic drawing program. Students will learn the various tools and palettes, how to create and manipulate vector objects, how to create and use color, adding and manipulating text, creating and using various special effects, importing and using picture graphics, and how to prepare files for print and web uses. Access to a computer at home is recommended.

**Wed**                      **Sept 16 - Dec 2**                      **10 Sessions/25 hrs**  
**Fee: \$240**              **CHS (Wall)**                      **6:30 - 9:00 pm**

## INTRO ADOBE InDESIGN

This course will introduce students to AdobeInDesign CS2, Adobe's well regarded page layout application, including creating documents, using InDesign's object manipulation and text styling tools, creating multipage documents, importing text and graphic files and more. Students should know how to use a computer, including opening, saving and printing files, basic file management and how to cut, copy, and paste. Access to a computer at home is recommended.

**Mon**                      **Oct 5 - Dec 14**                      **10 Sessions/25 hrs**  
**Fee: \$240**              **CHS (Wall)**                      **6:30 - 9:00 pm**

## INTRODUCTION TO WEB DESIGN

This course will cover the basics of web page and web site design, including how web pages and web sites work, classic HyperText Markup Language syntax, styling text, web graphic formats, placing web graphics, various kinds of hyperlinks, using colors, making forms, using tables for layout, Cascading Style Sheets for web composition, dynamic content, and more. Prerequisites: Must be competent using at least one computer operating system. Access to a computer at home is recommended.

**Tue**                      **Nov 17 - Jan 26**                      **10 Sessions/25 hrs**  
**Fee: \$240**              **CHS (Wall)**                      **6:30 - 9:00 pm**

# TRANSPORTATION TECHNOLOGY

---

## AUTOMOTIVE TECHNICIAN

Students interested in pursuing the automotive trade as a career will receive hands-on and classroom training for entry level employment addressing the following: tools, precision measuring equipment, shop procedures and safety. Basic automotive systems such as engine fundamentals, power train service, brakes, tires, exhaust systems, suspension, and alignment procedures will be covered. Advanced automotive technology including engine computer controls, anti-skid braking systems, air conditioning, fuel and air management systems will be included to prepare the student for entry into a modern automotive service facility. This course provides the required hours for apprentice related training.

<b>Tue/ Wed/Thur</b>	<b>Sept 15 - May 27</b>	<b>324 hours</b>
<b>Fee: \$1400</b>	<b>Middletown</b>	<b>6:30 - 10:00 pm</b>

## BASIC AUTO MECHANICS & PREVENTIVE MAINTENANCE

This course includes shop and personal safety rules; care and use of hand tools; lubrication services; car safety inspection; under-car visual inspection and service; under hood visual inspection; chassis lubrication; oil and filter change; service of automotive transmission; tire maintenance and repair; wheel bearing maintenance; basic automotive electricity and engine theory. This course is designed for first year apprentices and those interested in the automotive field. **Enrollment limited to 10 students**

<b>Mon</b>	<b>Sept 14 - Dec 7</b>	<b>11 Sessions/33 hrs</b>
<b>Fee: \$150</b>	<b>KIVA (Tinton Falls)</b>	<b>7:00-10:00 pm</b>

<b>Mon</b>	<b>Feb 22 - May 17</b>	<b>11 Sessions/33 hrs</b>
<b>Fee: \$150</b>	<b>KIVA (Tinton Falls)</b>	<b>7:00-10:00 pm</b>

## BOAT CAPTAIN LICENSE TEST PREP

This program will introduce the student to the license requirements for operating uninspected passenger vessel (six pack) and master (100 tons) near coastal waters. This course will assist students to prepare for the U.S. Coast Guard Test. Subjects covered will include international and inland rules, coastal navigation, chart use, aids to navigation, weather, tides and currents and general seamanship. Students must have 365 days at sea service time before taking USCG test. Textbook and study guide not included in tuition.

<b>Mon/ Wed</b>	<b>Sept 14 - Nov 23</b>	<b>18 Sessions/54 hrs</b>
<b>Fee: \$175</b>	<b>Neptune Annex</b>	<b>6:30 - 9:30 pm</b>

<b>Mon/ Wed</b>	<b>Jan 11 - Mar 17</b>	<b>18 Sessions/54 hrs</b>
<b>Fee: \$175</b>	<b>Neptune Annex</b>	<b>6:30 - 9:30 pm</b>

## COLLISION TECHNICIAN / AUTO REFINISHING -INTRO

This course covers tools and equipment used in the trade; auto body construction; assessment of sheet metal damage and procedures for straightening; reshaping; metal finishing; shrinking; auto body fillers and fiberglass repair. **Enrollment is limited to 10 students - register early!**

<b>Tue/Thur</b>	<b>Sept 15 - Oct 22</b>	<b>12 Sessions/36 hrs</b>
<b>Fee: \$155</b>	<b>Hazlet</b>	<b>6:30-9:30 pm</b>

<b>Tue/Thur</b>	<b>Feb 16 - Mar 25</b>	<b>12 Sessions/36 hrs</b>
<b>Fee: \$155</b>	<b>Hazlet</b>	<b>6:30-9:30 pm</b>

## **COLLISION TECHNICIAN / AUTO REFINISHING - ADV.**

This course covers the spray gun; spray booth and air supply; protective coverings; surface preparation; undercoats; top coats; buffing and detailing. The student is responsible for all materials and supplies needed for his/her project. Prerequisite: Collision Tech / Auto Refinishing-Intro **Class limited to 10 students**

<b>Tue/Thur</b>	<b>Oct 27 - Dec 10</b>	<b>12 Sessions/36 hrs</b>
<b>Fee: \$155</b>	<b>Hazlet</b>	<b>6:30 - 9:30 pm</b>

<b>Tue/Thur</b>	<b>Apr 12 - May 20</b>	<b>12 Sessions/36 hrs</b>
<b>Fee: \$155</b>	<b>Hazlet</b>	<b>6:30 - 9:30 pm</b>

## **INTRODUCTION TO AUTO MECHANICS**

This course assumes little automotive knowledge. The class will develop the neophyte student to an understanding of suspensions, engines, computer-controlled fuel injection systems, new emission systems inspection requirements, braking, transmissions and other systems. It will emphasize diagnostic methods not requiring expensive test equipment. Lectures and hands-on work are expected. A variety of vehicle types will be covered, leading to entry level employment.

<b>Wed</b>	<b>Sept 16 - Jan 20</b>	<b>15 Sessions/45 hrs</b>

## **MARINE MECHANICS**

This course is designed to provide for marine industry entry level mechanics, a basic understanding of the fundamentals and operation of the two and four stroke engines. Tools and equipment used in the trades are introduced. Theory and practical experiences are combined in the operation, service, testing and repair of inboard and outboard engines. The test, repair and adjustment of the ignition, fuel and electrical systems are included. In addition, the basic understanding and principal operation and propeller selection on typical outboard and stern drive, lower gear systems will be covered. Common outboard and outdrive mechanical shift systems will also be discussed.

<b>Tue/Thur</b>	<b>Sept 15 - Dec 10</b>	<b>24 Sessions/72 hrs</b>
<b>Fee: \$250</b>	<b>Aberdeen</b>	<b>6:30 - 9:30 pm</b>

<b>Tue/Thur</b>	<b>Jan 26 - Apr 29</b>	<b>24 Sessions/72 hrs</b>
<b>Fee: \$250</b>	<b>Aberdeen</b>	<b>6:30 - 9:30 pm</b>

## **SMALL ENGINE REPAIR**

Instruction will be given on small two and four stroke gas engines used on mowers, snow blowers and pumps. Basic areas of maintenance such as lubrication, tune-up, filters and carburetor will be covered.

<b>Tue</b>	<b>Sept 15 -Nov 10</b>	<b>9 Sessions/27 hrs</b>
<b>Fee: \$135</b>	<b>Career Center</b>	<b>6:30 - 9:30 pm</b>

## MISSION STATEMENT

The Monmouth County Vocational School District's Post-Secondary Institution's mission is to foster the educational experience of the adult learner and prepare them for the competitive demands of the workplace.

## ADMISSION REQUIREMENT

Adult vocational education classes are open to all persons 16 years of age or older who have graduated or left an elementary or secondary school system. Additional course requirements are listed as prerequisites.

## BOARD POLICIES

Students may be dismissed without refund of fees when their behavior or actions violate Board of Education policy for students. These policies cover such actions as vehicle parking, visitors, alcohol or drugs, smoking, vandalism, disregard or safety rules, plus any action covered by civil or criminal law.
